UPC: 7-22868-56058-7

What is a Category 5e crossover patch cable? Think of it as the footpath that connects certain houses together on your block. Actually, it's a cable that directly links one computer to another on a Local Area Network (LAN). The RJ45 CAT 5e UTP crossover cable with molded strain relief is designed to connect Hub-to-Hub or PC-to-PC. Features RJ45 male-to-male connectors and a molded strain relief.

Features

- Perfect in conjunction with 10 and 100 Base-T networks.
- 50 micron gold plated connectors to ensure a clean and clear transmission.
- This product is guaranteed for life!
- Molded strain relief provides extra security around connector.
- Exceeds the performance requirement of Category 5e.
